

INVITATION TO JOIN THE GUIDES' TEAM AS AN INTERN

What is EGMO?

- A mathematical competition for high school girls arriving from more than 50 countries from Europe and around the world
- One week in festive mood among young mathematicians - Many free time activities (excursions, parties, sports) beside the two exam days

For more information, please visit the website: <https://www.egmo.org/> or <https://egmo2022.hu/>

When and where?

- 6th -12th April 2022 (or some time before/after)
- Eger – Hungary

What type of activities will you join?

You can choose between being a Jury Guide, being a Competitors' Guide or being a member of the "Hit Squad". All options require flexibility, high level of responsibility, good sense of humour, ability to work independently and cooperatively. The jobs require 24 hours of standby mode presence during the whole week of the competition (6th – 12th April), so this will be a fully immersive experience.

- Jury Guides:
 - work in the Jury Room during discussions and translation of exam papers
 - help in the preparation and distribution of exam papers
 - join the Jury members during excursions
- Competitors' Guides:
 - join a delegation of about 4 competitors during the whole week
 - participate in excursions and parties with the competitors
 - organise sport and craft activities, help during other programs for the competitors
 - provide continuous help for the students and other guides
 - be the first point of contact for the students

What else is offered?

- an unforgettable experience and new friends
- work in a professional international environment
- receive an official certificate of participation to use in your future CV
- a full board (catering, entry fees and accommodation) during the whole event
- a T-shirt and a jumper as well as a conference package
- accepted as "Közösségi gyakorlat" at ELTE

When and where to register?

<https://egmo2022.hu/for-guides/>

by 10th Janury after that on a first come first served basis
