Visit to the Capital of Hungary, Budapest

Excursion in the Szalajka Valley

Mission Venus- on site, see later in the booklet

Exiquiz - On Sunday we go out to nature and play a fun game in teams!

We take an excursion to Szalajka Valley. From a starting point we catch brainteasers with our smartphones (only one is needed for each team, and your guide can help with this). Solve the problems while walking! Depending on whether the answer is correct or not, the team is sent to the next point to find another problem. Be careful, otherwise you might easily start walking in circles! But don't worry: good solutions make everything right again. Complete the track and have a great time with friends!

Folk dance at the farewell party

Like many other nations, Hungarians have always been very proud of their traditional folk dance. Every year, there are folk dance festivals organized all over the country to keep the tradition alive. At EGMO, a former IMO medalist will teach some dances!

Music at the farewell party

Some of the members of the Limo Drive band, who plays music for you, are also members of The BlackBirds, the official band of the Beatles Museum in Eger, while others play in the Hungarian Pink Floyd tribute band!

Catholic Mass on the eve of Palm Sunday

As some of the participants may be practicing Catholics, and the host university is the Eszterházy Károly Catholic University, there will be a Catholic mass in English on Saturday at 20:30 for those who wish to attend. (For further details, ask your guide or at the infodesk).
